June 16, 2025

At a monthly Cottonwood Water Supply Corporation Board Meeting held on May 20, 2025, the Board of Directors approved and passed a water rate increase as shown below which will be reflected on the August 1, 2025, monthly water bill

## **NEW RATES** (for standard 5/8" meter):

<b>Base Rate (0 gallons)</b>	<b>\$55.00 per month</b>
<b>0 to 2,000 gallons</b>	<b>\$ 4.00 per 1,000 gallons</b>
<b>2,001 to 4,000 gallons</b>	<b>\$ 6.00 per 1,000 gallons</b>
<b>4,001 to 6,000 gallons</b>	<b>\$ 8.00 per 1,000 gallons</b>
<b>6,001 to 8,000 gallons</b>	<b>\$ 9.00 per 1,000 gallons</b>
<b>8,001 to 10,000 gallons</b>	<b>\$10.00 per 1,000 gallons</b>
<b>10,001 to 20,000 gallons</b>	<b>\$11.00 per 1,000 gallons</b>
<b>20,001 to 30,000 gallons</b>	<b>\$13.00 per 1,000 gallons</b>
<b>Over 30,000 gallons</b>	<b>\$15.00 per 1,000 gallons</b>

The last water rate increase was on November 1, 2022.

The new increase is necessary for required water system improvements to comply with regulatory agencies and due to the increase of operation and maintenance costs (materials, supplies, electricity, insurance, etc.).

## **IMPORTANT Reminders:**

- (1) It is the responsibility of CWSC customers to contact us if a water bill is not received by the 5<sup>th</sup> day of each month. Late charges will not be waived if we are not contacted before the due date.
- (2) **PROPERTY OWNERSHIP CHANGE:** Any Owner change in property must be reported to Cottonwood WSC so transfer documents can be completed. The membership water account WILL NOT be changed until proper transfer documents are received by Cottonwood WSC.

Thank you,  
Cottonwood WSC – Board of Directors
